Professional Background:

Jeff Doubet is an award winning designer and consultant who specializes in helping clients solve issues with aesthetic, floor plan, and construction budget concerns... basic parameters for realizing the greatest hidden potential in a residential or commercial property.

A background in architectural design, combined with his knowledge as a licensed General Contractor has proven to be an excellent combination of skills when consulting with clients on their projects.

His specialty is in developing artistic renderings of exterior facades... conceptual ideas that inspire clients to visually see the improvements that can be made to their home or building. Floor plan design (remodels, additions and new construction) are also a specialty, as he guide clients through various steps to build their dream projects.

Jeff's creativity has been recognized by many local, national and international awards, too numerous to list... but 20 and counting! He was most recently recognized with a 2008 Santa Barbara Beautiful Award for his work on the 8,000 square foot historic restoration of "The Olives" at 2121 Garden St. Santa Barbara, CA.

Fees: (subject to change without notice)

Initial Consultation **\$150.00**

This consultation allows for a "no strings attached" 1.5 hour site visit "walk through", and discussions about wish lists and verbal recommendations to the client. This is a great way to explore possibilities of a project and allows the client to inquire about specific design and/or construction related questions. Extended Design and Consulting Services are billed at \$75 per hour.

Design and Consulting Services **Bid Work and/or \$75.00/hr**

- Hand drawn conceptual sketches for additions, interior or exterior modifications and improvements
- AutoCad drafting of floorplan and elevation modification concepts
- Full Service permit applications including required drawings, obtaining structural engineering, etc.
- Design collaboration with your architect, builder or contractor

Renovation and Construction Project Management Services **\$75.00/hr**

- "Al a Carte" or "Turn Key" project management of your remodel, from concept to completion
- On site designing/sketching, scheduling and supervision of sub-contractors
- Renovation + Construction Consultation: processes, materials and recommended sub contractors
